

**SUPERIOR VISION**  
See yourself healthy.

December 2017

**Subject:** Transition from EyeSpec.com to SuperiorVision.com

Dear Doctor,

One of our vision statements is to focus on Superior Technology—to improve our provider partnerships and deliver Superior Service. Starting early January 2018, providers will be transitioned to SuperiorVision.com to look up member eligibility and submit claims.

The provider portal on SuperiorVision.com will streamline the way you work with us and serve as a central location with a single sign-on for all of our provider tools.

### **What to Do Until the Transition**

If you currently use EyeSpec.com to check eligibility and submit claims for Superior Vision Health Plan members, continue using the website until the website redirects you to SuperiorVision.com at the beginning of January 2018.

### **Register After the Transition**

After the transition, the login you use today on EyeSpec.com will not be valid on SuperiorVision.com. You will need to register on SuperiorVision.com in order to login and access the online provider tools.

If you already use SuperiorVision.com to service other Superior Vision members, you will not need to re-register on the site.

### **A Few Important Points**

- The transition to SuperiorVision.com does not change the network(s) in which you participate.
- We encourage you to submit claims online at SuperiorVision.com. However, should you choose to submit paper claims, please submit them to:

**Superior Vision**  
**939 Elkridge Landing Road, suite 200**  
**Linthicum, MD 21090**

If you have any questions, please contact us at [prsupport@superiorvision.com](mailto:prsupport@superiorvision.com) or 844-585-2020.

Yours in Superior Service,

Josh Silverman  
Senior Vice President, Network and Corporate Development
